

The Federal Communications Commission

Dear The Federal Communications Commission,

We are senior citizens who use prepaid wireless so we can have cellular phones that we use only for emergencies.

Please reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

I use my wireless phone for safety, security and convenience. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely,

Mildred Fournier
